These auditions are for membership of the wind and brass sections of the Symphony Orchestra. Orchestra rehearsals take place every week during term-time on Tuesday evenings at 7pm until 9.40pm. There may also be additional rehearsal prior to concerts: the final rehearsal before a concert is compulsory.

Attendance at every rehearsal is vital. Players missing a rehearsal without good cause or without first having obtained permission from the conductor may face the possibility of not being able to play in the concert, or persistent absence will result in removal from the player lists altogether.

By signing the agreement below you are agreeing that you are available for regular rehearsals, and that if offered a place you must attend all rehearsals and performances as detailed on the termly published schedule and will make every effort to attend any additional events announced during the year.
